## Presidents Notes:

Greetings fellow Blackhawk members,

As another year is coming to a close, I hope everyone has had an awesome boating season.

For us on the Fox River, it was another year of you guessed it, "too much water". With all of the rain, the river was either no-wake or closed for almost 50% of the boating season. A huge thank you goes out to all of our officers, board members, chairpersons and volunteers that make everything the chapter does possible. Please make it your chapter and do what you can to volunteer and participate at our events.

Well, as most of you know, after not seeing the water in 34 years and after a 6-1/2 year restoration, my 18' Chris Craft Riviera finally hit the water for the first time. No pressure of course as this day happened the day before the GLBS started! Luckily, there were no leaks or mechanical issues!

Thanks to all of the Captains that awarded my boat the Captains choice award at the GLBS! A big thank you goes out to Tom Wagner of Fox River Valley Boat Works and Don Dannenberg and his loyal forum participants as without their guidance, this would have never been completed. Also, I cannot thank my wife enough for putting up with me disappearing into the garage many night a week.

I hope everyone has a safe and enjoyable Holiday Season and remember to think spring!

Best wishes to all,  
Bob O'Day

# BLACKHAWK CHAPTER 2019 Geneva Lakes Boat Show

## Lake Cruise, Estate Tour and Welcome Dinner

Contributed by the 2019 GLBS Committee

We kicked off the 2019 Geneva Lakes Boat Show on Friday morning with the Estate Tour and Luncheon. While the weather was overcast and grey, we were all excited for what the day would hold. We visited three wonderful estates that we have not visited in the past. This combined with travel aboard classic Geneva Lake launches, always makes this event the perfect opening for an antique and classic boat show weekend.

Joy Rasin's home is known as Flowerside Inn was the first property we visited. It was built in 1899 by Simeon B. Chapin, a stock broker in Chicago (later New York) and was owned by Mr. Chapin and his family until 1955. It is among the few Lake Geneva homes that still survive from the 1800's. Designed by Chicago architects Wilson and Marshall, it is a blending of American and English Country style homes and is surrounded even today by extensive gardens. The home is quite spacious with a large screened in porch, and several multipurpose rooms for dining and relaxing. The living room is 70 feet in length and 30 feet wide, and at one time housed the largest organ in Wisconsin.

Next we stopped at Al and Kathi Bosworth's new summer home located at Lake Geneva Pier #1, the consummate lake home. This property has been in the Bosworth family for three generations since his grandfather purchased it in 1953. It is filled with custom woodwork and cabinetry made by Al's company, Hire Nelson, that is remarkably detailed and finished. Interesting and unusual woods are used throughout and extensive stone work and masonry highlight the exterior and driveway. The décor is special and the result of careful and tasteful selection by Kathi. There are many special features such as a hidden passage to the lake and a garage that is specially built to hold every imaginable type of water accessory.

Finally, we visited John and Sara Cobb's recently built home in the historic Loramoor neighborhood which was designed by Chicago based Morgante Wilson and built by Matustik Builders. The home was designed to see and enjoy all of Lake Geneva with over 150 windows that creates a dazzling panorama of light while allowing guests to see all of the lake and look through the house. Family and friends were the primary vision with a master bedroom that faces the lake, a child's lakefront bedroom room with a Juliette balcony and guest rooms and bunk room for all their guests. The three-story interior with the 4th level "lookout tower" also features a 40-foot long suspended walkway at the second floor level that allows guests to see the bright, airy, modern interior and decor throughout the house. Their home focuses on family, friends, lake and comfort.

*Continued next page.*

For lunch we stopped at Lake Geneva Country Club, founded in 1895, and is one of the oldest in the country. Originally laid out by the golf pro from St. Andrews in Scotland, it is steeped in tradition. The current club house built in 1915 was designed in the “prairie style” by Robert Spencer, Jr., and replaced an earlier club house destroyed by fire the year before. Lunch was served in the dining room overlooking the lake.

**Boats used for transportation the 2019 Estate Tour**

**SEALARK:** Owned by Larry Larkin, completed in 2006, is a re-creation of an 1890’s historic Lake Geneva steam yacht. Although powered by a modern Crusader 8.1 liter V-8 engine, the boat captures the essence of the earliest boats on Lake Geneva.

**NORMANDIE:** Owned by Larry Larkin is 63 feet long and was built by Consolidated Shipbuilding in 1913 for Norman Harris, founder of the Harris Bank in Chicago. It was rebuilt in 2016 and is now powered by a Chrysler V-8 engine. Everything below the deck is new, everything above the deck is original.

**POLARIS:** This 73-foot long craft owned by Gage Marine was built in 1898 by the Racine Boat Manufacturing Company and brought to Lake Geneva by rail car. It was owned by Otto Young, a wholesale jeweler and land speculator who also built Stone Manor. Purchased in 1940 by the tour boat company it has been used as a charter boat for the last 80 years.

**Geneva Lakes Boat Show Friday Evening Welcome Dinner**

Friday evening, we enjoyed our Welcome Dinner at the Geneva Lake Museum. Catered by Celebration On Wells, we enjoyed a delicious beef tenderloin dinner with all the sides.

The museum is a treasure chest of display and artifacts from the Geneva Lake area. Uniquely displayed in yesteryear street scenes, it is easy to appreciate the rich and detailed history of the town of Lake Geneva, WI and Geneva Lake !

At the dinner we were treated with a special presentation from the Row 4 Kids team of Charles Tillman and Jacob Beckley. Charles and Jacob built a boat this summer and rowed across Lake Michigan to raise money for pediatric cancer research. Charles and Jacob shared some fun details of their experience building the boat and the challenges of a 24 hour row from St Joseph, MI to Chicago.

The Blackhawk Chapter presented a donation to the Row 4 Kids team and we are eager to see what challenge they will attempt next ! [www.row4kids.com/](http://www.row4kids.com/)

The 2019 Geneva Lakes Boat Show Committee would like to thank all the volunteers that contribute to the success of these events. We hope to see all of you at the 2020 show !

By Terry Dickson

Mama Nature once again tossed a curve ball. This was the last weekend of September, so we had just a bit of breeze, and it was kinda cool, and a little damp, but the Blackhawks still hit one out and again put on a fantastic event. We didn't see a huge turnout on the docks as we have when late September gifts us with beautiful late summer days. Saturday was nice and the sun actually made a brief appearance. Sunday morning was raw for sure but folks still came and out walked the piers at Abbey Harbor.

# BLACKHAWKS HELP KIDS

Contributed by Ted Cartner

About a half a dozen Blackhawk members attended a fund raiser for the Chicago Maritime Arts Center (CMAC) this past November. CMAC is a recently formed 501c3 organization based in Chicago with the aim to help young people find themselves and new positive pathways by building boats and learning about the maritime arts and ecology.

The fundraiser was held at the Lagunitas Brewery in Chicago. The Brewery provided a large meeting room at no charge with music, food, and merriment. There were about 145 attendees. With the entrance donation and the silent auction, over \$12,000 was raised.

In 2019 over 130 young kids attended various CMAC events including 60 or so building 12 foot skiffs which they actually launched and rowed about the Chicago River.

CMAC also has marine ecology events such as river clean up days. In 2020 the aim is to double the participation.

# 27TH ANNUAL MINOCQUA ANTIQU & CLASSIC BOAT SHOW

LAKE MINOCQUA AT THE BOATHOUSE & REDMAN REALTY, MINOCQUA, WI

June 21-23, 2019

By Ruth Lynch

The 2019 Minocqua Antique and Classic Boat Show was held this year at The Boathouse on beautiful Lake Minocqua, Minocqua, Wisconsin from June 21-23. Lake Minocqua is part of a 10,000 acre chain of lakes that is known for clear waters and a charming Northwoods atmosphere that draws thousands of visitors year around. The Minocqua chain is home to fabulous boating opportunities with restaurant stops, beaches, and “up north” scenery galore.

This year's 27th annual show had 45 participants and a large turnout of visitors. The weather was sunny and clear for the Friday evening boat parade before the MinAquaBats ski show and for the Saturday full day of exhibits, food/drink, raffles and musical entertainment. The Sunday portion of the show was hampered by rain but overall the show was a huge success.

There were many community and boat-related groups who helped sponsor the show and make it a success including The Boathouse, 5 Star Marketing, Ace Boatworks, Bottoms Up, Dean Distributing, Freedom Boat Service, Glacier Lakes and Blackhawk chapters of ACBS, Hagerty Insurance, Redman Realty Group, River Valley Incredible Bank, Stiegler Studio and Artworks, Stoney Creek Home and Garden, The Pointe Resort and Suites, and TJ Butcher Block. A special thanks goes to Marc and Lynn Toigo, Event Directors who put an amazing amount of energy and enthusiasm into preparing for the show. They were assisted by many volunteers including Tim Krolczyk and Al Hanley, Assistant Directors.
