## Another Great Geneva Lakes Boat Show Goes Down In History

The Blackhawk Chapter put together yet another smashing Geneva Lakes Boat Show at the Abbey Resort in Fontana, Wisconsin, the weekend of September 27<sup>th</sup> – 29<sup>th</sup>, 2007. Over 65 boats were entered into the show and the crowd loved them all!

The weekend started Friday morning with a tour of Black Pointe Estate. Black Pointe Estate is a Queen Anne style mansion featuring a nautical-themed, four-story, "crow's nest" observation tower, which can be seen from many points on the lake; the property also features post-civil war-era furniture. It is included in the National Register of Historic Places. Participants were given the privilege of a ride on Steam Yacht Louise for the tour. After a guided tour of the property it was back on the Louise for a quick ride to Gage Marine for lunch. A special thanks goes out to Gage Marine for provided the group's sack lunches. After lunch participants were able to take a leisurely cruise of the lake

throughout the remainder of the day Friday. Geneva Lake was unusually calm which made us smaller boat owner very happy. The weather couldn't have been better with plenty of sunshine and temperatures in the mid-high 80's all

## PRESIDENTS MESSAGE

Hello Fellow Blackhawk Members, summer is over and we are all sadly taking the last runs around the lake in our beautiful wooden boats. This has been a very great year for our club, the workshops, the shows, and many new boats getting on the water for our members.

We have just completed our Geneva Lake Show and it was great. We had a terrific turnout, the show committee worked very hard to have things run smoothly, and there were many beautiful boats to admire and enjoy.

Thanks again to all the volunteers that helped, the show committee, the participants from near and far, the beautiful boats, and Mother Nature for the beautiful weather.

Visitors got to see the new Gage-Hacker, the Coleman family's new boat, the Nenemoosha, the Bronc's and their Swedish boat, and the Cartner's restored 1951 Chris Craft Super Deluxe Semi Enclosed Cruiser. A big thank you goes out to Larry Larkin for the boat rides on the Sea Lark and the United States Post Office for commemorative stamps of wooden boats.

A special thank you goes out to all the ladies behind the scenes of our show that in my opinion do all the real hard work, while the boys just talk. Thank you to Kathi, Kathy, Kathy, Cindy, Karen, Lisa, Marcia, Bonnie, Vicki and all the other fine ladies that made things work.

Thank you to all the donors of the door prizes, raffle prizes, auction items, and to all the buyers of the raffle tickets, and bidders at the auction. Guys, the spa package was really, really great!

This issue of the Smoke Signal is devoted to our show, and the beautiful pictures. These pictures and all the others are on the website for your viewing and downloading pleasure.

We have our annual fall dinner in a few weeks and I urge all to attend to visit, chat, and reminisce about the past year. We will also have our fall elections. The registration is in this issue, please come one, come all.

It has been a great two years for me as the club president and this fall you will have a new board and a new club president. I wish the new board success, and pledge my ongoing support and help in the future.

I urge all of our members to find a niche to get involved, either with the workshops, boat tours, shows, and last but not least, the newsletter. We all want to hear your stories, so please do not be shy. If you have difficulty writing, let us know, and we will help. The club is for everyone to enjoy and get more involved. It is fun, and bring the kids. Personally, I thank all the members that have taken an interest in my son and taught him many skills in the boating world. Thanks Gary, Ted, Ron, Dean, Larry and Walter!

Wishing all of you the best,  
Andy Ievins  
President

# 16<sup>th</sup> Annual Minocqua Boat Show 2007

July 27-29

Written by Eric Moberg

Sixteen years ago, Gordon Moore decided to share his love for wooden boats and cars with the general public and organized the first Minocqua Boat Show. Every year since then, Bosacki's Boathouse has welcomed a fleet of woodie boats for the Annual Antique Boat show benefiting Multiple Sclerosis.

In recent years the woodie experience has been expanded to include classic woodie automobiles, and both aspects of the show have continued to grow year by year. The local Chamber of Commerce and the Bosacki's staff have helped Gordon and his family to make this a consistently enjoyable weekend.

This year's events again opened with the traditional parade of classic boats for the Friday night Min-Aqua Bats ski show. Each boat and crew was individually recognized as they cruised past the grandstand. Early Saturday morning, (and a beautiful morning, I might add) the Bosacki's docks and grounds began to fill with about 40 boats. Throughout the afternoon, the docks were filled with the sounds of live music performed by Head Over Heels. By the end of public viewing in late afternoon, the boaters were quite anxious to get out and get some spray on their faces, cruising the delightful Minocqua Chain and soaking up one of the finest Northwoods weekends in recent memory. For those of us accustomed to the more congested and less pristine waters of Northern Illinois / Southern Wisconsin, this is always a treat.

The public viewing continued through early Sunday afternoon, concluding with Gordon hosting the Awards Ceremony, with awards being presented to the following:

Best Pre-war Chris Craft – Dave Richardson's 1929 Chris Craft Cadet

Best Post-war Chris Craft – Three way tie – Carl Wussow

Tom Jordan

Don Bergman

Best Century – Dave Bortner’s 1961 Century Coronado  
Best Outboard – Roger Georgia  
People’s Choice – Bruce & Judy Renquist’s 1899 Pierce launch

Gordon’s “Special” award went to Phil Samon for his efforts staffing the brats & refreshments concession, proceeds from which also went to the MS fund. Phil and his helpers did an outstanding job of promoting their wares in highly entertaining fashion.

The auto exhibit started a few years back as a side attraction with Gordon Moore’s beautiful 1948 Chrysler Town & Country, and a couple others, and has grown over the years with the appearance of Cadillacs and Lincolns from the 1940’s and 50’s and other classics.

Recalling one of the stated goals of the show, this year’s event raised about \$5550 for MS research. The other goals were to share with the visiting public the beauty and craftsmanship of the classic woodies, and to have a great time. Success on all fronts.

The Moore’s have already started planning for next year, so mark your calendar for July 25-27, 2008. See you there!

(Continued from page 1)  
weekend.

Friday night participants gathered for hors d'oeuvres and cocktails at Gordy's Boat House. Capt. Crooner entertained everyone with nautical themed singing, dancing and humor.

Saturday started early with Classic Boating Magazine doing a photo shoot out on the lake. The piers saw a steady flow of leisurely lookers taking in all kinds of history and hearing great stories about the restoration process from proud boat owners. A few boat club members were able to show off their "new" boats this year, including Ted & Cindy Cartner's 1951 Chris Craft Super Deluxe Semi Enclosed Cruiser (winner of the Sharpest Arrow Award). How gorgeous!

The traditional "starting of the engines" and boat parade were well attended as it gave participants the chance to cool down from the day's heat. What an awesome sight to see 65+ antique and classic boats running in a pack on Geneva Lake!

Saturday night the participants enjoyed dinner and drinks while we heard about the new Gage Hacker that Gage Marine displayed at the show. Bill Gage, Jr. spoke about the design process of this new boat and shared some stories about his family's historic Lake Geneva marina and boat. The club added an auction to the program this year and several guests were able to walk away with some great prizes from the club's raffle and auction.

Sunday gave us more great weather to cap off the weekend. The sun was shining, the lake was calm, and the antique and classic boats were able to run free in the waves. Each year, the vendor base at the show continues to grow and we see more and more people coming out to share our passion for antique and classic boats.

Thank you to the entire Geneva Lakes Boat Show Committee which includes Larry and Kathy Lange, Al & Kathy Bosworth, Ted & Cindy Cartner, Matt & Lisa Byrne, Andy Ievins, John Barrett and Steve Fleming. Special thanks to all the members that volunteered throughout the weekend.

Plans are already underway for the 2008 Geneva Lakes Boat Show. Exact dates will be given in a later issue of The Smoke Signal. We'll see you then!
